

Our hugely experienced and passionate Early Years team provide children with the rich quality experiences we know help children to learn grow and thrive.

Creating, imagining, exploring and discovering, we offer children fully immersive hands on learning through play.

PART OF THE FAMILY

We are a loving and caring family; staff, children, parents and community together sharing a vision for bright futures.

We are Bobblewood.

Come and join us!

Bobblewood

Celebrating the joy and freedom of childhood with fun filled adventures rooted in nature.

Dressing up and serving tea; just some of the play opportunities on offer.

Nature Based Approach

Our approach offers all our children quality experiences rooted in nature every day indoors and out. Children can spend prolonged periods of uninterrupted time out in our beautiful 'wild' woodlands following their own lines of interest and inquiry and build a love for the great outdoors. Equally, they can turn to a number of quality indoor activities inspired by the sights, smells and textures of the natural world.

NATURE: THE
NATURAL EDUCATOR

A FEELING OF COMING HOME

We understand that children thrive when they can be themselves. That's why at Bobblewood we are committed to supporting children in finding their happy any way we can. With small groups, friendly staff, traditional home-style cooked meals and cosy spaces we strive to ensure that being at Bobblewood is like having a second home.

BEAUTIFUL CALM INTERIORS

A former old farmhouse, our Bobblewood home still retains many of its original features; winding staircase, tall ceilings and large windows. We celebrate the house's story and embrace its homely feel and believe that these touches help children to feel calm, settled and at ease with their environment, just as they would do at home.

Peaceful and cosy spaces

Homely and warm environments

MATURE EXTENSIVE GARDENS AND WILD SPACES

The jewel in our crown, the beating heart of our nursery, is our beautiful and extensive garden! Wild natural and woodland inspired spaces, climbing logs, mud kitchens, role play tea shop and apothecary, there is something to excite all. Children can throw caution to the wind and play with utter abandon; the very epitome of childhood.

Glorious garden in full bloom

Places and spaces to explore and discover

RICH EXACTING LEARNING ENVIRONMENTS

A tremendous amount of careful planning, extensive knowledge of what excites and engages children, comprehensive knowledge of the Early Years curriculum as well as an unwavering passion for quality learning experiences goes into establishing our outstanding and challenging learning environments.
